Exec., Son, Augustine Humnicutt. Witness: Robert Berriman, Thos. Waller. Dated August 23, 1717. Probated July 16, 1718.

Note. Margaret Humnicutt's first husband was John Cooper, her second, John Hodge, and third, Augustus Humnicutt.

John Cooper's Estate appraised by Francis Mason, signed by John Phillips, July 3, 1677, Margaret Hodge, the relict of John Cooper, deceased, swore to this to be true inventory. Ek. 2, P. 132.

John Hodge's will, dated May 17, 1679, probated July 1, 1679, mentions wife, Margaret and two children, James and Mary Hodge. "To my wife's daughter, Elizabeth Cooper, a yearling; my son to have his estate at 18 and my daughter at 15." Ek. 2, P 212.

On Sept. 6, 1681, James Hodge was placed with Nicholas Johnson. P. 350.

On January 3, 1681/2, James Hodge was placed with John Clarke. (P.361). On September 15, 1696, James Hodge receipted John Clarke for his estate. (Ek 5, P. 113) . James Hodge then, was definitely a stepson of Margaret Humnicutt, and probably Mary Hodge (Hargrave) was too, even though called "Daughter Mary, wife of Bray Hargrave." in Margaret Humnicutt's will.

On April 11, 1693, John and Mary Clarke deeded land to Bray Hargrave, (Bk. 1691/1713, P. 63) showing some connection between the Hedges and John Clarke.

Margaret Hodge, age about 22, on July 3, 1677, testified regarding depredations at Arthur Allen's house during Bacon's Rebellion. Her testimony shows that her deceased husband, John Cooper, was alive in September, 1676, when the depredations took place. Bk. 2, P. 134/5. This places her birth date as 1655.

John Phillips signed John Cooper's will in 1677, and was a witness to John Hodge's will 1679. As these were the first and second husbands of Margaret Hamnicutt, a definite tie-up is indicated. Augustine Hamnicutt (and Chas. Digby) were Securites for John Phillips, Adm. Est. of Mary Phillips, in 1696.

1718 Nov. 19th. Carter Crafford, conveys to Augustine Hamnicutt for 134 10 s. all his right, title, use, interest and reversion in 100 A. land in Lanes Creek Parish beginning at a marked Elm tree by the side of the path at the run called Mank's Run, up the said Mank's Run to a marked elm, a line between the land I now live on and the aforesaid land in the possession of Katherine Berriman, near the place formerly called "Ye Oven's Mouth", thence up a line of marked trees, near a N. W. course to a marked oak standing by the side path and down the path to the beginning. The said 100 A. is now in the tenure and occupation and said Katherine Berriman hath thereof of lease for years in being. Bk. 1715/30, P 159.

This seems to indicate that Robert Hunnicutt (died 1778) m.1st a Hardy, and that his son, Robert, together with his two brosin-law, are the execs. Or, could it indicate that perhaps Richard Hardy's wife was a Crawley? I'm convinced that the spelling of the daughter, Eliz. Crolly Hardy is wrong and should have been Crawley. My research indicates that the Crawleys first settled in York and James City Counties, as Nathan'l Crawley owned 384 A in York in 1704, and Robt Crawley owned land in both York and James City at the same time. Later, this family spread to Prince George and Amelia Counties. A David Crawley made his will in PGeo, but so far, I do not have a copy.

I thought with your intimate knowledge of Isle of Wight affairs you might be able to unravel the tie-up between the Hardys, Hunnicutts, Binns, and Crawleys, or, at least help me develop a lead. I'm in the midst of trying to get a copy of the Crawley will in PGeo, and this may shed some light.

I've about decided genealogy is too deep for my mentality!

With very best wishes, I am

Dear Mrs. Chapman:

Here's something I've uncovered, thanks to ~~your Isle of Wight~~ books, that perhaps you can decipher, if, and when, you get time. Robert Hunnicutt (born 1727-died 1778), had two sets of children, hence two wives. The second was Ann Binns, daughter of Thomas Binns, who died in 1765. On June 16, 1767, Robert Hunnicutt and Nancy, his wife, Sarah Binns & Jenny Binns, were complainants in Chancery Vs Eliz. Binns, Ex. of Thos. Binns, dec'd, Martha, Eliz. and Priscilla Binns, defendants. This suit came to trial, finally, in 1771, and the court ruled that the defendants were not accountable for cattle destroyed by distemper, and that the estate devised to the Defendant, Eliz. Binns, Ex., by her mother Elizabeth Crauly (Crawley), dec'd, is to survive to her and not be considered as part of her husband's Est.

In other words, Thos. Binns also had two wives, and the 2nd was Eliz. Crawley. Robert Hunnicutt married Ann (Nancy), a child of Binns by his first wife, and sued, along with the other two daughters by the same wife, the Binns children by his 2nd wife, and their mother Eliz. Crawley Binns, his 2nd wife. This suit is in the Surry OB 1764/74, P 231.

Now, Robert Hunnicutt's son, also Robert, born 1762, died ¹⁸¹⁴ ~~1782~~, married Eliz. Binns' daughter, Eliz., who was one of the defendants in the suit. (Marriage bond, dated in Surry, June 24, 1783) Father and son, then, married half-sisters, Ann Binns, Thos' daughter by wife # 1, and Elizabeth Binns, Thos' daughter, by wife # 2, Elizabeth Crawley. What the name of Binns' first wife was, I don not know.

Now, Isle of Wight, Bk 10, P 200, will of Richard Hardy-Wife, Priscilla, Daughter Eliz. Crolley Hardy, son Samuel, Dtr Mary Chambers.

Executors, Robert Hunnicutt, George Hardy & William Hardy.

Dear Mrs. Chapman:

I have the following note which I will appreciate you verifying and adding to, if possible

Deed from John Hunnicutt of Isle of Wight to Augustine Hunnicutt, of Surry, 150 acres beginning at a marked pine N. side of Georges Branch at the mouth of a little creek, consideration of ~~6 Pounds~~, 5 Shillings. Oct. 19, 1732. (Bk 4, P 203)

Patent Bk 4, 12, P 449, shows that John Hunnicutt patented 350 acres in Isle of Wight Mich 24, 1725. This land is described as S. side of Nottoway River and S. side of Three Creeks. On Oct. 17, 1732 (two days prior to the day that John deeded Augustine the land in IOW) John Hunnicutt deeded John Tharpe of IOW, 210 acres S. side of Three Creeks at the mouth of Georges Branch to John Dorches line- where said Hunnicutt formerly lived. (Bk 4, P 202)

It would appear, then, from the above, that John sold out in IOW and moved to either Surry or PG. Question: what did Augustine do with the 150 acres he purchased from John?

Now, in 1748, Charles Binns deeded land to both James Derring of Isle of Wight and to Robert Hunnicutt. The land was in Surry but when the deeds were acknowledged by John Ruffin, Benjamin Edwards and Richard Cocke, it was stated that "Whereas Charles Binns, and his wife, Judith, have conveyed unto Robert Hunnicutt of Isle of Wight." Derrings deed stated "land to Robert Hunnicutt's line".

All this makes me wonder if Augustine, after buying the land from John, didn't hand it over to Robert who then lived in IOW untill around 1748 when he returned to Surry, probably marrying about that time into the Binns' family. We know that Thos Binns' first wife was Eliz. Jones, dtr of Mathew Jones, because of the deed Binns and Thos Holt made to Albridgeton Jones in 1744. (IOW Bk 6, P 503)

Another thing to check. In the will of Zeakell Matthews, page 101, Bk 2, of your IOW Wills & Adm. you have Matthews making a bequest to daughter Martha Hunnicutt. What was this-anything traceable? It sounds as if Martha may have been the wife of John who patented the 350 acres there.

I believe I am getting "hot" in straightening out the Hunnicutts. With your help it seems possible to do so. Thanks a lot.
